# OUR YEAR AHEAD

A message from Dr. Jeena Devasia  
VAGD President

There's a reason we all choose to be a part of this organization, and I'd like to challenge each of you to realize your 'why.' My 'why' was simple. I want to be surrounded by dental professionals who are constantly pushing themselves to be the best version of themselves: by mastering the latest clinical techniques, engaging in advocacy efforts that pave the future of our profession (while maintaining our autonomy to practice), and being surrounded by leaders who inspire me to stay involved and leave behind the profession better than when I entered it.

As a young dentist, I quickly realized that our profession was different from other healthcare professions; we support and promote our colleagues because we realize that together we are stronger. I've been fortunate to thrive in our profession because of my mentors, and I've also found that becoming a mentor is the best way to pay it forward. This year, our organization will launch its first mentorship program and I'm excited to see it grow and to connect newer dentists with successful VAGD members throughout the state. In our offices we rely on a team of dedicated individuals to provide quality patient care. One of my goals for the year is to provide exceptional training, not only for ourselves, but also for the teams that support us.

Many of us have faced difficulty hiring in the last year, and it's time that we recognize and encourage the superstar team members in our practices. Providing them with quality tools and resources will allow our practices to grow exponentially. Similarly, this organization is supported by amazing sponsors who offer non-clinical training, products, and resources for our members and I'd like to thank them for being a part of our teams and for their continued support.

As we each set our professional goals for the year, I'm confident that our continuing education calendar can help you achieve these goals faster. This year's lineup offers numerous opportunities to strengthen your clinical knowledge and network with your colleagues. Realize your 'why' and act on it. Sign up for the Mastership Track. Attain your Fellowship and be celebrated among your peers at the annual Awards Dinner. Attend a networking event and catch up with old friends...the opportunities are endless! As I enter my seventh year of practice, I know the road ahead will be long and challenging. I'm confident that the Virginia Academy of General Dentistry will support and guide us through these hurdles, while celebrating our victories alongside us. I'm honored to be your President and look forward to seeing familiar faces and meeting new ones in the year ahead.

**Sincerely,**

*Jeena Devasia, DDS, FAGD, FICD*

President, Virginia Academy of General Dentistry

# NEW MEMBERS! 2021

## WELCOME TO THE VAGD
