Dr. Howard Glazer, DDS, FAGD

2026 Winter Course

Course Descriptions and Objectives:

This program is about *real dentistry* for *real people* by a *real dentist*! You will learn the various aspects of moving from *Reparative* dentistry to *Restorative* dentistry! Dr. Glazer will present a potpourri of the materials and techniques that he uses to make the day more productive, easier and fun! **The entire dental team** will benefit from learning together about the latest products that will save you money and greatly benefit your patients. Dr. Glazer's bi-monthly column by the same title appears in DENTAL ECONOMICS magazine where he reviews new products and materials.

Topics may include:

- *Anesthesia...giving an “ouchless” injection*
- *Bioactivity v. Biomimicry & Antibacterial materials*
- *Moving from Reparative Dentistry to Restorative Dentistry*
- *Curing lights...to light up your life (dental)*
- *Desensitization & Adhesives...a sticky subject made simple*
- *Composites for esthetic fillings not just white ones*
- *Impression materials and trays...it's true..first impressions are important*
- *Provisional materials...provisionals should look great*
- *Burs...so many and so little time*
- *Lasers...simple, easy and quick w/ great results*
- *Cements...that which holds the relationship together*
- *Reducing Sensitivity with topical paste application & Fluoride varnishes*
- *Sectionals & Rings for perfect, predictable contacts every time*
- *Whitening systems...that work*
- *Oral cancer prevention...dentists can save lives!*
- *Patient communication...high-tech and really cool!*
- *Cameras intra and extraoral*
- *Going Digital..Scanner, Radiography & Cavity Detection...simple & easy !*
- *Loupes, instruments, equipment potpourri*
- *Saving money for you and your patients with new management applications*

OBJECTIVES:

- To learn the different types of materials in various product categories
- To learn what is faster, easier and better
- To understand the value of continual doctor/patient communication & management apps
- To understand how to utilize many of the new bioactive/biomimicry materials that move us from reparative dentistry to restorative dentistry
